§10–306.

(a) Before selling motor fuel, each dealer, manufacturer, refiner, special fuel seller, or person operating a facility where motor fuel is stored in bulk for further distribution shall submit to the Comptroller for approval each terminal agreement, each additive specification, and each refinery specification.

(b) Before selling motor fuel, each dealer, manufacturer, or refiner shall submit to the Comptroller for approval each exchange agreement, each additive specification, and each refinery specification.

(c) The Comptroller may waive this section only when consumers in the State otherwise would be subject to extreme hardship during an emergency or civil disturbance.
